

David was depressed, homeless and suicidal when he came to Target Dayton and re-committed his life to Christ. Your giving helped save His life!

## ***David's Story...***

“I opened my heart to Christ when I was 19. Then at Bible college I answered God’s call to be a medical missionary.

I enrolled at Miami University and graduated with Bachelor of Science degree in nursing. But I didn’t go into medical missions as God had called me to. Instead I went where the money was and spent 26 years serving myself with my nursing de-

gree. My last job was at Soin Medical Center working in ICU.

Then I lost my nursing job due to some poor judgment on my part. I was so devastated that I fell into a deep depression and despair that I couldn’t escape. After burning through my life’s savings I ended up at the homeless shelter. I was jobless, penniless, homeless and so depressed I wanted to end my life.

Then I went to Target Dayton. Cindi greeted me in the lobby and asked me about my story. She encouraged me that I needed to give my life back to Jesus! At the point of my darkest hour, she spoke the simple truth I needed to hear. And praise God, that's what I did!

That was in the fall of 2017. The depression and thoughts of suicide are gone. Christ has restored me to a vital faith and the joy of my salvation. I'm no longer homeless and I am very active in singing in the choir and serving at Target Dayton. And I'm exploring the possibilities of going into medical missions where God called me.

**It's no exaggeration that Jesus saved my life through this ministry. Thank you for giving to feed and save the poor!"**
