

**“A farmer
went out to
sow his
seed...
some grew
and produced
a crop...”**

Mark 4:3-8

Pastor Mark and Cindi have been planting the good seed of the gospel into the lives of the poor for 19 years!

Still farming after 19 years...

Mark and Cindi began “reaping a harvest” 19 years ago when they led a homeless man to Jesus for the first time at Target Dayton!

Since then, our constant mission has been **“planting and harvesting”** to save the poor!

And you are a partner with us in the work and the harvest... by your volunteer service and donations.

We **clear and plow** the soil by

providing hot meals and other vitally needed ministries of compassion.

We **plant and fertilize** by means of our daily worship services and Bible preaching.

The **good seed** we plant is God’s Word, the life-changing message of the gospel.

The **soil** into which we plant is the hearts of poor and homeless people who are lost in sin!

The **sun and rain** that causes the seed to sprout and grow is God's Holy Spirit!

It takes hard work and perseverance to produce a harvest! Satan tries to steal the seed and choke the plants every day.

Many seeds don't take root or grow to maturity.

But some seeds do take root and grow into faithful disciples who help us with the harvest!

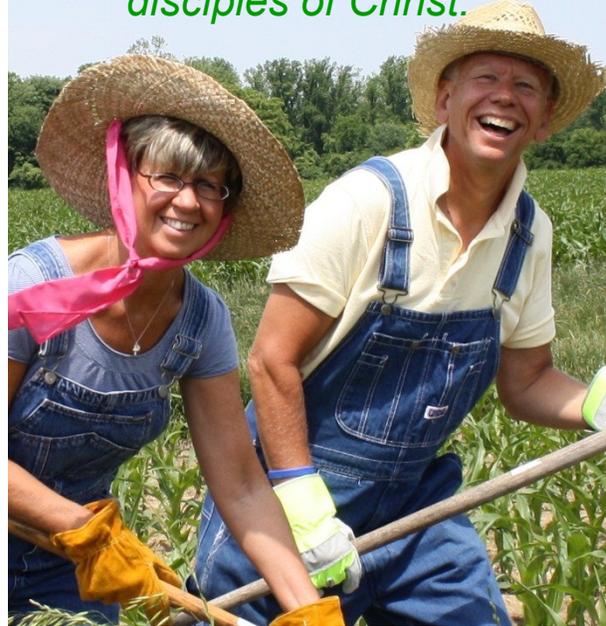

God has wonderfully blessed our fields over the years and we have seen many good harvests!

But now another growing season is here... and your help is needed once again!

Please volunteer your service and keep your donations coming to plant the seed of God's Word into the hearts of the poor!

Mission Field

"God has sent us to work in His fields... to plant the good seed of the gospel into the hearts of the poor and homeless; and to grow for Him disciples of Christ."
